Monday 15th July 2024

Dear Parents,

As part of our Design Technology topic, which is based around food nutrition, we will be investigating what makes a good smoothie.

In order to research the different types of smoothies available to purchase, the children will be tasting mass produced smoothies.

Later on, the children will be designing, making and evaluating their own versions of smoothies in school. In order to purchase a variety of smoothies for the children to sample and to cover the costs of the ingredients, we are asking for a contribution of £2 per child. Please send your child's contribution into their class teacher, in a named envelope with the attached permission and allergies slip enclosed.

Please note, it is **vital that you complete the slip below with any known allergies for your child** and return this with your contribution in an envelope marked with your child's name. **Please have returned this by Wednesday 17<sup>th</sup> July.**

Many thanks,

Mr Barry and Mrs Ray
